Elizabeth Barrett, RN-BC, LMHC; PhD; FAAN
John Phillips, RN, PhD
Marilyn Ray, RN, PhD, CTN-A, FAAN
Richard Cowling, PhD, RN, APRN-BC, FAAN, AHN

This program is a Watson Caring Science Institute Approved Program
Dear Colleagues,

Welcome to the joint conference between the International Association for Human Caring (IAHC) and the Society of Rogerian Scholars (SRS)! This is the first time these two like-minded organizations have come together for a joint conference. We are very excited about the possibilities this will offer and we welcome you to this conference. This year’s theme is Advancing Unitary and Caring Science for Nursing Praxis.

The conference begins on Wednesday June 8 with Dr. Marlaine Smith’s keynote address. That same afternoon Dr. Violet Malinski will provide the Martha E. Rogers’ Scholars Fund Lecture: Pregnant with Promise for Far too Long: Time to Deliver! On Thursday afternoon we have a theorist panel that will include distinguished nurse theorists including Drs. Elizabeth Barrett, Richard Cowling, John Phillips, Marilyn Ray, Marlaine Smith, and Jean Watson. Friday we have two exciting speakers, Senior Vice President of Patient Care Services and Chief Nurse of Massachusetts General Hospital (MGH) Dr. Jeanette Ives Erickson will deliver her address: Influencer of Unitary Caring perspective on Nursing Practice at MGH. And we are deeply honored that Jean Watson will be delivering our closing keynote.

Other highlights of the program include: an opening reception at the Paul Russell Museum at MGH hosted by Dr. Jeanette Ives Erickson, a poster session under the tents of the historic Bullfinch Building at MGH also hosted by Dr. Jeanette Ives Erickson. The peer-reviewed work of BSN, MSN, DNP and PhD students, practicing nurses and academics will be presented. Nurses representing many different countries are attending and presenting their work.

There will be ample time to socialize and dialogue. This brochure details the schedule and provides links to points of interest in the Boston area and beyond. In addition, we hope that you will attend either the IAHC or SRS Annual Business Meetings, which will be held on Friday morning June 10 from 7-8:30. We will be discussing our current issues, future directions and as appropriate, introduce new Board members and recognize outgoing ones.

This joint conference is an incredible endeavor. There are many to thank including the Conference Planning Committee, chaired by SRS President Dr. Jane Flanagan and IAHC President-elect Dr. Patrick Dean, our abstract reviewers, Peter Metsker from the IAHC management team and in particular, Dr. Jeanette Ives Erickson of MGH who has so generously supported this conference. We extend our gratitude to all who have worked so hard to make this vision a reality.

Finally, we extend our gratitude for the generous financial support of our conference sponsors whose contributions are essential to producing a conference of this magnitude. We hope you all enjoy the spirited dialogue and have a wonderful time.

Sincerely,

Nancey France, PhD, RN, AHN-BC

Jane Flanagan, PhD, RN, ANP-BC

Continuing Education
Norman Knight Nursing Center for Clinical and Professional Development at Massachusetts General Hospital (OH-239, 10/1/2017) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

Criteria for successful completion include attendance at the entire event and submission of a completed evaluation form.

15 contact hours will be awarded

Faculty, content experts and planners have no conflict of interest to disclose.

Program Outcomes
At the end of this program attendees will be able to:
1. Compare a variety of nursing theoretical perspectives available to nurses.
2. Describe how their practice, education or research is informed by nursing theory.
3. Integrate nursing theory into practice, research and/or education.

The International Association for Human Caring

About us

In 1978, the National Caring Research Conference was conceived and initiated by Dr. Madeleine Leininger. The annual conference was designed to gather scholars together to share ideas, research, and theories of care and caring.

The core philosophy of the association is based on the belief that caring is the essence of nursing and caring is the unique and unifying focus of the profession. The national organization began in 1987 through the generosity of 42 charter members. In 1989, with the encouragement of nurses from around the world, the conference association was changed to the International Association for Human Caring (IAHC) Inc.

The central purpose of the IAHC, Inc. is to serve as an international, scholarly forum for all nurses interested in the advancement of the knowledge of human care and caring within the discipline of nursing. In 1993, Drs. Leininger, Delores Gaut, and Malcom MacDonald produced a video outlining the history and growth of the Association. In 1994, Dr. Leininger established the Leininger Research Scholarship Fund to assist in the financial support of nurse researchers studying the phenomenon of human care and caring.

The Society of Rogerian Scholars was born in the living room of Martha Rogers’ New York City apartment in November 1986. Since that time, the organization has been committed to fostering the development of the Science of Unitary Human Beings by providing a formal, organized structure for the stimulation, development, and exchange of ideas. The purpose of the organization is to:

1. Advance nursing as a basic science.
2. Explore the meaning of a philosophy of wholeness for nursing.
3. Foster the understanding and the use of the Science of Unitary Human Beings as a basis for theory development, research, education, and practice.
5. Create forums for scholarly debate.

Mission Statement

The mission of the Society of Rogerian Scholars, Inc., is to advance nursing science through an emphasis on the Science of Unitary Human Beings. The focus of the Society is education, research, and practice in service to humankind.

Some of the member benefits include:

- Complimentary subscription to Visions: the Journal for the Society of Rogerian Scholars.
- Opportunities for networking with others involved in the Science of Unitary Human Beings.

Boston Public Garden
The first public botanical garden in America, its form, plantings, and statuary evoke its Victorian heritage. This green and flowering oasis in the heart of a great metropolis has become a Boston icon. No visit would be complete without a stroll in the Garden and a voyage on one of its Swan Boats.

Isabella Stewart Gardner Museum
The museum hosts exhibitions of historic and contemporary art, as well as concerts, lectures, family and community programs, and changing courtyard displays. In accordance with the will of Isabella Stewart Gardner, admittance is discounted to those wearing Boston Red Sox memorabilia, and is free to anyone named Isabella.

New England Aquarium
Founded in 1969 on the city's harbor waterfront, the facility is one of the first modern public aquariums and features more than 20,000 animals.

USS Constitution
Often referred to as "Old Ironsides", this wooden-hulled, US Navy three-masted heavy frigate was named by President George Washington and built in Boston. Launched in 1797, the vessel is the world's oldest floating commissioned naval ship.

The South End
Considered by some to be Boston's most vibrant community. This tree-lined neighborhood is known for its fine dining, art galleries, the open market, and smiling faces. The South End is worth taking the time to explore.

Tours
Boston Duck Tours
You’ve never toured Boston in anything that comes close to Boston Duck Tours. The fun begins as soon as you board your “DUCK”, a W.W.II style amphibious landing vehicle. You’ll cruise by all the places that make Boston the birthplace of freedom and a city of firsts, from the golden-domed State House to Bunker Hill and the TD Garden, Boston Common and Copley Square to the Big Dig, Government Center to fashionable Newbury Street, Quincy Market to the Prudential Tower, and more. And just when you think you’ve seen it all, there’s more. It’s time for “Splashdown” as your ConDUCKtor® splashes your DUCK right into the Charles River for a breathtaking view of the Boston and Cambridge skylines, the kind of view you just won’t get anywhere else.

Sports and Entertainment
Boston Red Sox
Fenway Park is annually one of Boston's top tourist destinations. It is the oldest baseball park in America and public tours of the historic structure are available.
