

Dr. France is an Associate Professor in the Christine E. Lynn College of Nursing at Florida Atlantic University where she co-directs the Initiative for Intentional Health and teaches theory grounded in caring science at the graduate level. She is a board certified advanced holistic nurse and board certified health and wellness nurse coach. Her research and practice are grounded in Unitary Caring Science focusing on co-creating a holistic healing environment for nurses in practice, students, and persons/families/communities. Dr. France and Dr. Shirley Gordon are co-authoring the book *Co-Creating a Holistic Healing Environment in Nursing Practice* (Cognella, Inc.).
